

Sunburn Drink

PRODUCT DESCRIPTION

Sunburn Drink is an ALL-NATURAL beverage mix that delivers essential micronutrients and helps to re-build and combat UV damage by reducing oxidative stress, increasing moisture and hydration, supporting cell regeneration, and improving natural cell function within the dermal layer of the skin. This product can be used both before and after spending time in the sun and is reef friendly. If you are looking to extend your tan or speed up the recovery time of a sunburn, then Sunburn Drink is for you.

SUNBURN RELIEF IS HERE!

Sunburn Drink delivers essential micronutrients and helps to re-build and combat UV damage by reducing oxidative stress, increasing moisture and hydration, supporting cell regeneration, and improving natural cell function within the dermal layer of the skin.

This product can be used both before and after sunbathing. If you are looking to extend your tan or speed up the recovery time of a sunburn, Sunburn Drink is for you.

Sunburn Drink is the first-ever revolutionary product that repairs your skin from the inside out, giving your skin the essential nutrients needed to help speed up the healing process caused by sun damage. We combine traditional wisdom with the latest scientific research to create innovative, high-quality products with one goal: To inspire health, wellness, and beauty from the inside out.

Best taken with food.

STEP 1:
Empty one packet into a bottle of water. Shake and Enjoy!

STEP 2:
Get some rest. Drink lots of water. Allow your body to heal!

STEP 3:
12 hours later, empty the second packet into a bottle of water. Shake. Enjoy!

STEP 4:
Your burn should be gone, but continue to drink lots of water to help your body revitalize.

Design based on 120 lb / 170 lb adult. For children & adjust dose accordingly.

Goodbye Burn. Goodbye Peeling.
